Hi Mike -

The size of the space does not reach the maximum distances for egress so I've shown the distance between doors versus the overall diagonal of the space and indicated which 2 doors are to be illuminated for egress. I do not have any bar details for this one, check with Neil but I think the bar is the same as the one in Scott's addition. Your Electrical sub should be able to use my plan for a reflected ceiling plan if needed. attached is the cad file.

Best regards,

Michael Pellis NCARB, LEED AP

Michael,

I am working with Neil on Williamsburg. Are you doing any additional drawings for permits? Egress plan, RCP, bar details? I wanted to check before we do anything.

Thanks

MIKE BELL
